The Global Roaming **Reseller Program** - Connecting People Around the World.

The telecommunication business is recession proof and growing. After all, being connected is the life blood of any business wherever you are and whatever the economic situation.

What people are looking for is a way to stay connected paying the best possible prices with a straight forward and easy to understand billing system.

Global Roaming understand these needs and targets the frequent traveler (individuals and businesses) who want a flexible, secure, centralized and cost effective communication 'command centre' for all their communication needs.

There are no contracts to sign and no monthly payments. It is a pay as you go service where your funds are available for your use up to two years.

Here are a few statistics to show you the enormous potential of this business that awaits you:

- Mobile subscribers will surpass 5 billion in 2010 lead by China and India. That is 70% of the world population.
- 90% of the world now live in a place with a mobile network.
- By 2011, 85%+ of new handset will be able to access the mobile web.
- Almost 20% of global mobile subscribers will require 3G mobile broadband.
- SMS is still king of mobile messaging with more than 6.1 trillion messages sent in 2010.

Key drivers for mobile use in the future will be money transfer, location based services and mobile search. Global mobile advertising is expected to grow to US\$38 billion by 2015.

Getting just a small piece of that pie could mean enormous earning potentials for you.

Grow your business and continue to **earn recurring revenue** from your customers.

After a simple set up process, you will have a business that will look professional and up to date. There are no setup charges, no need for technical staff, or additional costs for maintenance and tracking. You have a wide range of services you can choose from to resell at your finger tips - such as 3G broadband SIM card, Mobile data SIM card, SMS, VoIP, WiFi, DID numbers, VPN, webmail, fax, backup files and more.

What your commission will be:

The difference between the credit amount and the SIM card's fixed retail price is your 30% commission. Eg: a \$100 broadband SIM card will give your customer US\$70 credit and you, a \$30 commission.

Each time your customer adds in additional funds to their Global Roaming account, you get a 8% commission on the added funds, regardless of what service they choose to use their funds on.

What you have to do:

- 1) Read through the information we have here for you, and get started by filling in the confidential reseller application form.
- 2) You purchase your white label SIM cards from Global Roaming.
- 3) You open a co-branded Global Roaming reseller site portal under your own logo, where you can track the spending, services used and activities of each of your customers.

What the customer will get:

- 1) Access to the services that you have selected from Global Roaming.
- 2) Their own personal account to track their usage, spending and to add funds. It will be accessible with their own log in and password.
- 3) A system that is compatible with Windows, Mac, iPhone, iPad, Android, Linux, Blackberry and most Smartphones.
- 4) Our customer service and technical support.

So you see, it is a straight forward revenue generating system that will take all the hard work away from you. We have set everything up for your success, all you have to do is concentrate on getting as many customers as you can into your account and start generating new and recurring income.

GlobalRoaming

How the Global Roaming Reseller Program work.

Further Details About The Global Roaming Reseller Program:

- 1) Devices must be unlocked to use our services.
- 2) You can choose all or just one of our services to sell.
- 3) All prices are in US dollars.
- 4) Your payment to us is made by bank transfer.
- 5) You have a one year time frame to activate your SIM cards.
- 6) Refunds will not be given by Global Roaming to customers who have bought from you.
- 7) Each SIM card comes with a preset credit amount and a Global Roaming account.
- 8) The credit attached to the SIM card is valid for 6 months after the SIM activation.
- 9) You must sell the SIM card at a fixed retail price determined and set by Global Roaming to your customers.

Once your card has been sold:

- 1) Log into your co-branded Global Roaming account and activate your customer's SIM card.
- 2) The account number is the SIM card number and the password is the PUK number.
- 3) Register the ID and contact information of your customer.
- 4) Each SIM must have its own customer's account.
- 5) The customer must change the password after activation to ensure privacy.
- 6) After registration, the SIM card is activated and can be used.

Your Customer's Account:

- a) Your customer can log into the Global Roaming Portal anytime.
- b) Inside the account they can:
 - Update their information and change the password.
 - Use funds or purchase any other services inside the Global Roaming portal.
 - Funds are valid for 365 days after the customer's last payment date.
 - Customer's funds cannot be refunded.

Reports For Your Customer Usage:

Reports on your customer's usage and credit includes:

- The customer's login, name, email and phone number.
- The customer's total funds added.
- The customer's current account balance.

Your Commission Payments:

- 1) You get a commission percentage on all funds added by the customer regardless of what purchase or service he or she uses.
- 2) Global Roaming will handle all charges to and payments from the customers.
- 3) We reserve the right to refuse payments from a customer.
- 4) We reserve the right to cancel a customer's account if it is not in compliance with our company's policy and privacy.
- 5) Commission is payable even if the customer does not use their funds.
- 6) Your commission is paid live by crediting your Global Roaming reseller account.
- 7) Withdrawals of funds from your account credit (one month clearance) will be made to your Paypal account.
- 8) If there is a charge back from the customer, your commission will be deducted.
- 9) If the customer cancels their payment, your commission will be deducted.
